NO. 47.

HE WAS A DEMOCRAT.

Marinette, Wis., has a presidential election story that matches the reply of Quentin Roosevelt that the President voted for Parker because Parker needed the vote. One of the Garfield teachers was questioning her pupils upon citizenship.

"Now," she said slowly, "as every boy has ambition, I would like to know how many boys would like to be President of the United States?"

Every boy save one raised his hand.

The teacher looked in a surprised manner at the little fellow whose hands remained in his lap. "Why, Willie," she exclaimed, "haven't you any desire to become President of this great country?"

"I'd like to all right," replied the boy mournfully, "but 'tain't no use, I'm a Democrat."

If you know a news item tell THE TIMES about it. It will be appreciated.

Several local sportsmen are out today taking a Thanksgiving hunt

Personal Notes.

Prof. C. W. Campbell is spending Thanksgiving in Lexington.

Mrs. S. Searcy spent Thanksgiving with relatives in Winchester.

Mr. John Hall, of Bloomington, Ill., is visiting Mr. George Powell, of this city.

Mrs. Udora South, of Jett, Franklin county, is the guest of her daughter Miss Floretta South.

Mr. A. T. Whitt, assistant cashier of the Clay City National Bank, was in Jackson Wednesday on business.

Mr. Joe Mountz, who is attending college at Winchester, came home to spend Thanksgiving with his parents, Mr. and Mrs. Wm. Mountz.

Here Is Your Chance.

SEVERE DROUGHT

Prevails Over the State.—Stock Being Driven Miles to Water.—Kentucky Crop Report.

The drought prevailing in nearly all parts of the State is almost unprecedented in severity. From nearly every county the cry comes that water is scarce and stock is being driven miles to water. In many places the streams, springs and cisterns have given out, causing a water famine for man as well as beast. There is great complaint that nearly all grass seed sown for meadows have perished for want of moisture. There is also apprehension that a large part of the wheat, rye and winter oat seed will perish from the same cause. The early sown grain came up all right, but there has not been sufficient moisture in the ground for it to make any progress. The grain sown later remains unsprouted in the ground yet. It remains to be seen what the effects will be if the drought continues much longer.

The corn crop generally in the State is a good one, many counties reporting a bumper crop, while others report an exceedingly short crop.

The acreage was not increased as expected, only a few counties reporting an increase above an average, while quite a number fall much below. The drought setting in so early that it interfered with preparing the land for wheat accounts for the small acreage sown. The amount of land seeded to rye is a full average. The acreage of winter oats is below the average, largely on account of the failure last season.

The tobacco was saved in good condition. Free from frost, worm-cut and dirt, it ought to be a very useful crop. While the crop is not a large one anywhere, it is reported to be quite a short one in the first and fourth districts. Live stock is fully up to the standard in numbers and conditions. The apple crop for winter is less than half a crop. All things considered, the farmer has much to be thankful for and can congratulate himself that it is not worse.

Mrs. Daisy Hancock is in jail at Georgetown, charged with attempting to burn her husband, Dan Hancock, to death. She says that her husband set himself on fire while in a drunken condition.

Wm. Holcraft, a well-known farmer of Scott county, went to his barn, cut his throat and then set fire to the building. His charred remains were found in the debris.

Since eggs have soared to thirty cents a dozen, housekeepers will be glad to learn that a French scientist says they transmit diseases and are absolutely dangerous—Lexington Democrat.

Sewing machine needles at W. T. Webb's. All makes and sizes.

HOUSE COMPLETED.

The house to be occupied by the Clay City Roller Mills was completed last Thursday and is now ready for the machinery, which will begin arriving in a few days. This building is three stories high, standing 38 feet from the eaves to the ground, and is the tallest house in the city. The work on this house was done in the fastest manner possible, it seems, since but twenty-eight days were used in its entire construction.

When the mill is completed and put into operation it will be a leading establishment for the city.

Opened for Business.

The new saloon of Matt Cohen has been opened for business on Sixth avenue, in the Webb building, and seems to be well patronized by the drinking public.

A PROSPEROUS SCHOOL.

Our city school seems to be in a very prosperous condition at present. We have a corps of teachers that would be hard to equal, and they work together in the greatest degree of harmony. Out-of-town people desiring to send their children to school after the fall term of the country school should investigate the Clay City Graded School. We are sure they would be pleased with its workings.

A Heavy Load.

To lift that load off of the stomach take Kodol Dyspepsia Cure. It digests what you eat, sour stomach, belching, gas on stomach, and all disorders of the stomach that are curable, are instantly relieved and permanently cured by the use of Kodol Dyspepsia Cure. S. P. Stoors, a druggist, at 297, Main street, New Britain Conn., says: "Kodol Dyspepsia Cure has given such universal satisfaction and is so surely becoming the positive relief and subsequent cure for this distressing ailment, I feel I am always sure to satisfy and gratify my customers by offering it to them. I write this to show how well the remedy is spoken of here." Kodol Dyspepsia Cure was discovered after years of scientific experiments, and will positively cure all stomach troubles. Sold by M. Rose.

THE TIMES.

AN ALL HOME-MADE PAPER
THURSDAY, NOV. 24, 1904.

LOCAL BREVITIES.

E. R. Hinds, of West Bend, was in the city Thursday.

Sewing machine needles at W. T. Webb's. All makes and sizes.

Mrs. Wm. Adams remains very low of typhoid fever at her home near town.

Mr. Abner Eversole, of Jackson, was here on business last week.

W. C. P. Breckenridge, editor of the Morning Herald, is dead at Lexington.

Mesdames J. F. West and Campbell, of Irvine, were guests of relatives in this city last week.

J. H. Howell and Squire Wm. Townsend, of Bowen, were here Monday on a business mission.

Thomas Jackson, of Louisville, is visiting his mother, Mrs. W. D. Jackson, at Stanton.

Mr. and Mrs. Frank Diamond of Lexington, are visiting Mr. and Mrs. Summers Searcy this week.

F. G. Howell, of Xena, the defeated candidate for assessor, and a very popular gentleman, was in the city Friday.

Marshal A. P. Johnson and M. Bailey were in Mt. Sterling Friday as witnesses in the Wade Hall case.

Mr. and Mrs. Chas. W. Groves have moved to Jacksonville, Fla., where Mr. Groves has a lucrative position with a lumber company.

As usual we have a nice little run of job work in THE TIMES office, but still we want more. It may be cruel in us, but we can't help it.

THANKS.—The members of the Clay City Cornet Band desire to thank the ladies of Clay City for their able assistance at the oyster supper Saturday night.

D. B. Simpson, who was knocked from a scaffold last week while tearing away the upper reach, is much better, but not able to do much work yet.

Dr. B. Littlepage, Mr. Summers Searcy, and his guest, Mr. Frank Diamond, are on a hunting expedition in the mountains, and we guess they will return loaded down with game.

G. W. Everman, of Right Angle, was here Saturday on business. Mr. Everman will be appointed administrator of his deceased brother, the late W. G. Everman, of West Bend.

A Good Complexion.
"Sparkling eyes and rosy cheeks restored by using DeWitt's Little Early Risers," so writes S. P. Moore, of Nacogdoches, Tex. A certain cure for biliousness, etc. Small pill—easy to take—easy to act. Sold by M. Rose.

The oyster supper given by the Clay City Cornet Band Saturday night was well attended and quite a nice sum realized. The boys are making splendid music now, and are striving hard to improve themselves still more. It is an organization that our citizens should be proud of and should aid in every way they can.

Mrs. J. P. Wright visited relatives in Madison county last week.

Jesse Eaton, who shot and wounded Nels Daniel, a negro, at the ball ground in this city last summer, was fined \$50 in the circuit court at Stanton Monday.

There will be special prayer services at the Methodist church Thursday night, at which time appropriate talks will be made on the subject of Thanksgiving.

In a game of football between K. W. C. and a Paris team a few days ago, Mr. Joe Mountz, of this city, did some fine playing in center, though it was his first game in that position. The score stood 11 to 0 in favor of Kentucky Wesleyan.

The Clay City National Bank has another fine report in this issue. This bank has grown to be one of the solidest institutions of its kind in Central or Eastern Kentucky, and is fully deserving of the prosperity it enjoys.

Owing to the absence from the city of Democratic leaders, there was no meeting here for the selection of a committeeman for this precinct. So this matter will have to be attended to later, or allow the present committeeman, Mr. C. W. Barnett, to hold over.

Judge Hays, in the contested election case, decided that J. P. Adams, Republican, of Magoffin county, received a majority of the votes in the race for Commonwealth's Attorney in the Beattyville district, but declared the office vacant on account of Magoffin county being taken out of the district by the last legislature.

Circuit court convened at Stanton Monday with Judge J. M. Benton on the bench and Commonwealth's Attorney B. A. Crutcher present. There is a larger docket than usual and the same is being liberally disposed of. Among the visiting attorneys are E. S. and B. R. Jouett, of Winchester, and Judge J. B. White, of Irvine.

STRAY COW.

Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces.

Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Mother's Praise It.

Mothers everywhere praise One Minute Cough Cure for the sufferings it has relieved and the lives of their little ones it has saved. A certain cure for coughs, croup and whooping cough. A. L. Spafford, Postmaster, of Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. One Minute Cough Cure quickly relieved and cured her and I cannot praise it too highly." One Minute Cough Cure relieves coughs, makes breathing easy, cuts out phlegm, drawn out inflammation, and removes every cause of a cough and strain on lungs. Sold by M. Rose.

ON THE INCREASE.

World's Fair Travel Getting Heavier.

While the volume of travel to St. Louis on account of the World's Fair has not quite come up to the expectations of the World's Fair management, or the railroad companies, as large as was expected, it is considered.

The banner month, far as attendance is concerned, will be September, October and November, and during these three months the admission will undoubtedly equal, if not surpass, the entire number registered up to August 31st inclusive.

It is certainly a big, grand show and one that no person with the means should miss. It is the opportunity of a life time in an educational way and one that will be taken advantage of by the great majority of the people of America before its close. It is an attraction that all Americans are proud of, and justly so.

On account of its unexcelled train service, both as regards equipment and accommodations, the Louisville, Henderson & St. Louis Railway, better known as the Henderson Route, has carried the majority of Kentuckians to St. Louis and have beyond a doubt been more instrumental in contributing to the success of the Fair than any other railroad in this territory.

The Henderson Route is justly entitled to all the praise that is being showered on them, as their train service is unquestionably the finest operated in or out of Kentucky, and their schedule of trains is more nearly maintained than on the majority of roads.

For comfort in travel and for the best accommodations safest train schedules there's but one thing to at all times keep in mind—get the Henderson Route habit—and request this routing in purchasing your tickets.

Now that the election is over, we presume the president will resume his old business, that of closing postoffices in the south where negroes are objectionable as postmasters.

If that dinner Teddy took with Booker caused such a landslide, breaking the "solid south," it is very fortunate that Booker didn't stay all night, or even Powell county might have been lost.

Blakey said if things didn't go off to suit him he would contest Hopkins' seat. We guess he's not suited, but wonder if he will tackle the 2,500 majority Hopkins secured.

The Republican papers which were so bitterly opposed to contests a few years ago, when Taylor, of Indiana, was holding things down at Frankfort are now strong in the agitation of contests in two or more Congressional races in Kentucky. Would you have thought it?

From what we can learn there will be another lively scrap among the Republicans of Clay City for the postoffice. The battle will likely open early in the season and be a desperate fight.

In this action we Democrats will be like we were in the presidential race, "not in it." Still we can have some amusement looking on.

A good Democratic lady of Clay City consoles her feeling on the recent election by realizing that neither Parker nor Roosevelt would care to even speak to one of us common people. True enough. If the people want an everyday man, one that enjoys handshaking with the common people for president, they should get Bryan, publisher of "The Commoner."

If you want people to know of the advantages of your town, if you want them to locate here, trade here, visit here, live here and die here, get out on the street corners and tell them what a good town you have. Tell them about your churches, your schools, your public improvements, your substantial business men, your large hearted, public spirited, enterprising citizenship, and last but not least, don't forget to tell them about your home newspaper.

My Breath.

Shortness of Breath
Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians.

It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly suffocate. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middletown, O.

THEY DON'T LEARN.

It is strange that in all these years since the secret ballot has been introduced that people have not yet learned to vote. In this county, with all its boasted intelligence, at least fifty voters in the late election left the booth with the conviction that they had voted the full ticket, when they had only voted for one man, the first elector. And these men were not ignorant negroes, either. By far the greater number of them were Democrats and if this county was as close politically as some others, this ignorance might have lost the county. An exchange says that in one county in the 2nd Congressional district 416 Democrats and 223 Republicans virtually lost their votes by this means. In Lee and Estill counties it is said that many voters marked their ballots in the square opposite the first elector and then for the elector for the Tenth district and quit. We need schools to teach the voters how to vote.—Winchester Democrat.

An old lady took some butter to a store the other day. The merchant asked her if it was moulded. She said "No; my butter is fresh. It's my last churning." "Madam, I did not mean to ask you if the butter was old; I meant to ask if it was made in pound moulds."

It is reported that the acreage of wheat recently put in the ground was the largest in many years. It will certainly amount to 20 per cent over the average in the last ten years. This applies to the entire wheat growing section of Kentucky. The sowing was not as advanced as formerly on account of the dry weather, but the farmers, as a rule, do not object to late sowing, as the season for sowing wheat is getting later every year.

PREVIOUS LANDSLIDES.

Great as Mr. Roosevelt's majority in the electoral college is, it is by no means unprecedented.

In 1820 James Monroe received 231 electoral votes to one cast for John Quincy Adams, a majority of 230.

In 1840 William Henry Harrison received 234 votes to 50 for Martin Van Buren, a majority of 174.

In 1852 Franklin Pierce received 254 votes to 42 for Winfield Scott, a majority of 212.

In 1864 Abraham Lincoln received 212 votes to 21 for George B. McClellan, a majority of 191.

In the election of 1872 Grant received 286 votes, while 80 Greeley electors were chosen whose votes were divided when the college met, by reason of Greeley's
